BA ACCOUNTING

The BA Accounting provides you with an understanding of the principles, techniques and applications of accounting and finance in a practical context, as well a solid foundation in the underlying academic concepts and theory in the field. Graduates can go on to become competitive trainee accountants.

The programme involves studying accounting, business, finance, and management. You will learn about accounting and finance within an organisational context to understand how financial decisions are made. You will also learn to prepare and interpret accounts, and develop an appreciation of accounting practices in both the UK and China.

The programme is delivered in the International Business School Suzhou (IBSS), one of an elite group of institutions worldwide to be accredited by the Association to Advance Collegiate Schools of Business (AACSB), European Quality Improvement System (EQUIS) and Association of MBAs (AMBA). IBSS was the youngest business school to achieve the triple accreditations.

KNOWLEDGE AND SKILLS

- The BA Accounting provides you with an understanding of the principles, techniques and applications of accounting and finance in a practical context, as well a solid foundation in the underlying academic concepts and theory in the field. Graduates can go on to become competitive trainee accountants.
- The programme involves studying accounting, business, finance, and management. You will learn about accounting and finance within an organisational context to understand how financial decisions are made. You will also learn to prepare and interpret accounts, and develop an appreciation of accounting practices in both the UK and China.
- Graduates can claim up to a nine-paper exemptio from the Association of Chartered Certified Accountants, UK qualification; an eight-paper exemption from the Institute of Chartered Accountants in England and Wales, UK qualification; an eight-paper exemption from the Chartered Institute of Management Accountants, UK qualification; and a six-paper exemption from the Certified Practising Accountants Australia, Australian qualification.

DISTINCTIVE FEATURES

- Designed for students who are interested in pursuing a career in accountancy or in obtaining professional accounting qualifications prior to pursuing a career in business.
- Taught by specialists who possess PhD degrees from top overseas universities and/or have comprehensive experience in industry.
- You will not only gain a broad knowledge of accounting and finance, but the real skills needed in the accounting profession and in industry, making you very attractive to potential employers.
- We have built close ties with some of the leading international chartered accountancy bodies, such as the Institute of Chartered Accountants in England and Wales (ICAEW), the Association of Chartered Certified Accountants (ACCA), the Chartered Institute of Management Accountants (CIMA), and the Certified Practising Accountants (CPA) Australia, and we have developed strong partnerships with leading accounting firms, including Deloitte, KPMG, and PwC. You will be supported in finding and applying for internships or placements in accounting firms or other organisations, gaining the invaluable opportunity to apply your knowledge and skills in a real business environment.
- Earn two degrees: an XJTLU degree from the Chinese Ministry of Education and a globally recognised degree from the University of Liverpool, a member of the Russell Group of leading UK universities.
