PART 1: COMING TO SUZHOU: APPLY FOR AN X VISA

Students from Hong Kong, Macao or Taiwan don't need to apply for a visa to come to the Chinese mainland.

In order to come to the Chinese mainland and study at XJTLU, international students are required to apply for a student visa. The student visa is called an X type visa, which translates as 学生 Xue Sheng (student) in Chinese. You need to make the application in your own country or where you are resident before entering the Chinese mainland. Your first step will be to check the location and guidelines specific to your nationality at <http://www.visaforchina.cn>

There are two types of X visa which relate to the duration of your study programme:

One for long term study (more than 6 months) and one for short term study. For long-term students, you enter the Chinese mainland using an X1 visa and then need to go through an immigration process to obtain a Residence Permit (RP).

The differences between the two types of X visa are as follows:

TYPE	PROGRAMME DURATION	ENTRIES TO THE CHINESE MAINLAND	DO I NEED A RESIDENCE PERMIT?	COST
X1	Over 180 days	Single	Yes. Within 30 days of arriving on the Chinese mainland. A Residence Permit is a multiple entry visa	•Application fee (depends on country). •Health check package after arrival (530RMB) •Residence Permit 400RMB to cover a one-year stay •Postage to have your passport sent to the university (22RMB) •Postage to have your Health Report sent to the university (22RMB)
X2	Fewer than 180 days	Single	No	•Only the application fee in your home country

You need the following documents for an X visa application:

- Original Admission Notice (Sent to you by XJTLU)
- JW202/DQ Form downloaded from www.studyinchina.edu.cn (a link will be sent to your application email address when your JW202/DQ Form is ready)
- X Visa Application Form downloaded from www.visaforchina.cn
- Visa application section on the website of the mainland Chinese Embassy in your own country
- Any extra requirements listed on <http://www.visaforchina.cn> or the visa application section on the website of the mainland Chinese Embassy

You need to keep the Admission Notice and JW202/DQ Form safe after you have applied for the visa and bring them to the Chinese mainland with you. You need them for your enrolment and immigration processes. If, for any reason, the mainland Chinese Embassy / Consulate do not return them to you, please print extra copies before you come to Chinese Mainland.

Note: Students who apply near to the deadline should pay their deposit ASAP if they wish to accept their XJTLU place. This is because of the risk of a visa delay and subsequently delayed arrival.

PART 2: PRE-TRAVEL INFORMATION & TRANSPORT AFTER ARRIVAL

VACCINATION

Suzhou is not in a rural or tropical region of the Chinese mainland, so you are unlikely to come into contact with cholera, rabies, tick-borne encephalitis or Japanese encephalitis - reconsider this if you are planning to travel to more rural areas of China.

Before you leave for Suzhou, you are advised to:

- Make sure you are up to date with vaccinations, for example, TB, typhoid, polio and tetanus
- Make sure you have vaccinated yourself against Hepatitis A

Check your country travel advisory webpages for more vaccination advice.

INTERNATIONAL TRAVEL INSURANCE

It is a good idea to purchase travel insurance for your journey to Suzhou.

MONEY

- If you plan to use international bank cards on the Chinese mainland, you should inform your card provider of your travel plans.
- Bring enough money in Chinese cash to get started (not in your suitcase). We recommend you bring at least 10,000RMB to cover initial basics such as your accommodation deposit.

PACKING

We recommended to bring the following with you:

- Adapters for your electronic devices
- Medications prescribed by your doctor, and bring the prescriptions

Everything else can be bought here at reasonable prices.

WEATHER

Suzhou is in the mid-east of the Chinese mainland, in the subtropical humid monsoon climatic region, with four distinct seasons. The most temperate seasons are spring and autumn. Winters are mild and only occasionally freezing cold, but summers can be very hot and humid. Rain is common, but snow extremely rare.

ELECTRICITY

The electricity on the Chinese mainland is 220V, 50HZ AC (Hong Kong is 200V; Taiwan is 110V). From some countries you may need a transformer to power your electronic devices.

Sockets commonly used here:

Modern electronics are easily available to buy in Suzhou at competitive prices.

TRANSPORT AFTER ARRIVAL

XJTLU Global send buses to Pudong Airport to collect students for free on specific dates. You must book your seat on one of these in advance.

Details can be found in the Pre-arrival Guide in the Download Centre in the application system.

PART 3: STUDENT ACCOUNT, EMAIL ADDRESS AND STUDENT ID CARDS

Your XJTLU student account and email address will be created before you arrive. This gives you access to:

- The Learning Mall Online (Core) to download learning materials and submit your coursework
- e-Bridge to register at the university, check your timetable, and apply for your student enrolment status letter and transcripts, etc
- The Attendance Management System to apply for authorised absences

Your student account will be sent to your application email address, and you must activate it after receiving it. After activation, you will be able to use your student account and email address. The university will then only use your official email to communicate with you.

Students enrolled in programmes lasting one semester or longer will be issued a student ID card, which grants access to various campus services and facilities. These include library entry and borrowing, examination attendance, use of the Sports Centre, photocopying services, and more.

To obtain a student ID card, students must first register on e-Bridge and follow the instructions to upload a photograph. The uploaded photo will be used by the Management and Information Technology System (MITS) for card production.

The distribution of student ID cards is managed by different offices depending on the student category. X-Global is responsible for issuing cards to undergraduate, exchange, visiting, and non-degree Chinese language students, while postgraduate students receive their ID cards from the Graduate School.

PART 4: ACCOMMODATION BOOKING AND CHECK-IN

ACCOMMODATION IN SUZHOU

Student accommodation is not provided by the university, but is run by a commercial provider.

Find out more here:

<https://www.xjtlu.edu.cn/en/admissions/global/accommodation>

All accommodation must be booked in advance. Cash deposits are payable upon arrival.

If you are over 18, you can also choose to rent a private room or apartment near the university. Local accommodation agents can help you with this, and they usually charge two weeks' rent per year for their services, which are generally very good.

All photos here are examples of the rooms and facilities, and individual rooms may vary.

ACCOMMODATION BOOKING

To book student accommodation, you must complete a booking survey. The link for this survey can be found in the Pre-arrival Guide in the application system.

ACCOMMODATION CHECK-IN

For check-in, you need:

- Your passport
- Refundable deposit - One or two months' rent, depending on the apartment and/or contract length
- Initial utility fees - Around 500RMB for water and electricity
- Rent - Depending on the apartment and your contract length

The check-in process involves signing a rental contract (in English).

Please note that your deposit may not be refunded to you if you terminate the tenancy contract early. It is very important to decide on whether you prefer a contract length of one semester or the whole academic year.

Before signing any contract, students are strongly recommended to:

- Read the contract carefully
- Check whether all items listed on the contract inventory have been provided in the accommodation
- Check the condition of the provided items and compare this to their description in the inventory
- Ask the property management officer to make a note on the inventory if something in the accommodation is missing, broken or not as described

Please note that:

- Residents are required to pay rent on time. Long delays or failure to pay the rent may lead to termination of the tenancy
- Confirm with your bank whether your bank card can be used on the Chinese mainland to pay for your accommodation or any other bills

Please note that the university cannot offer any accommodation-related support to students living in private apartments or houses.

PART 5: ACCOMMODATION REGISTRATION WITHIN 24 HOURS OF ARRIVING IN SUZHOU

Foreign nationals moving to the Chinese mainland are required to register their residential address with a nearby police station. This should be done within 24 hours of you checking into your accommodation.

If you are living at Parfait International Apartments, Parfait Hotel & Apartments, MBA Apartments, and Scholar's Apartments, or private apartments near the university, you need to register at Xietang Sub-district Puhui Service Centre/斜塘街道普惠工作站:

Address in English: Floor 1, SIP South Part Citizen Centre, 39 Jinyuan Road, Suzhou Industrial Park

Address in Chinese: 苏州工业园区金园路39号南部市民中心一楼

If you are living at Wenhua Apartments or private apartments near Wenhua Apartments, you need to register at Xietang Public Service Centre/斜塘民众服务中心:

Address in English: No. 8 Dunhuang Road, Suzhou Industrial Park

Address in Chinese: 苏州工业园区斜塘街道敦煌路8号

Take your passport and your accommodation rental contract/check-in receipt.

After police registration, you will receive an Accommodation Registration Form (临时住宿登记表), a photocopy of which will be used for your Residence Permit application in the Exit and Entry Bureau and for archive purposes with the accommodation provider.

If you have come to Suzhou from inside the mainland, you must register within 24 hours of checking into your new accommodation. If you are living in private accommodation, your landlord or agent will inform you of the police station where you need to register.

International students are also required to re-register with the local police station within 24 hours of receiving their Residence Permits/new visas or moving to new accommodation.

PART 6: HEALTH CHECK

If you are an X1 visa holder, you must do a health check to get your Residence Permit after you arrive in Suzhou. This will be done at a clinic in Suzhou. If you are X2 visa holders, Taiwan, Hong Kong, or Macao students, or Mainland Chinese exchange/visiting students, your health check will normally occur on campus. We will arrange your health check in advance if you arrive on the dates when we meet you at the airport. Alternatively, you need to follow the step-by-step guide in the download centre to make an appointment and do the health check yourself.

WHERE TO DO THE HEALTH CHECK:

Suzhou International Travel Healthcare Centre

Address: No. 738 Changjiang Road, Suzhou New District

苏州国际旅行卫生保健中心

苏州高新区长江路 738 号，近泰山路

Health checks are conducted: Monday – Friday, 8:00am – 11:00am

WHAT TO TAKE WITH YOU:

- Your passport
- 2 passport-sized photos (colour photos with a white backdrop)
- 530RMB to cover the health check cost

Note: there is no printer or photographer in the healthcare centre, so please prepare your own photos and the copies of documentation in advance. If you need to take a photo, you are recommended to go to the Hanlin Neighbourhood Centre, near SIP North Campus.

HEALTH REPORT DELIVERY:

Please have your health report posted to the university address:

西交利物浦大学西浦国际办公室 (XJTLU Global 苏州工业园区仁爱路 111 号，中心楼 115E 室

邮编: 215123

电话: 8188 9123

PART 7: RESIDENCE PERMIT APPLICATION

International students who stay on the Chinese mainland for more than 6 months have to apply for a Residence Permit within 30 days of their arrival on the Chinese mainland. Days are counted from the entry date that is shown on the mainland Chinese entry stamp in your passport.

This is often confused with the arrival visa. Once you arrive on the Chinese mainland, your visa is finished. From the arrival date, you have 30 days to apply for your Residence Permit. For example, if you fly into Shanghai Pudong on 15th August, you must apply for your Residence Permit before 14th September. If you apply for your Residence Permit late, you will have to pay a fine for each day you are late, up to 10,000RMB.

XJTLU will help you apply for your Residence Permit.

In order to help new international students settle in, XJTLU organises the following to facilitate the Residence Permit application process:

- Checking application documents
- Making photocopies of the relevant documents
- Booking appointments for applying for a Residence Permit at the Exit & Entry Bureau

BEFORE ACTUAL APPLICATION AT THE EEB NEED, YOU WILL NEED:

- Residence Permit Application Form
- XJTLU Residence Permit Statement Letter
- Have your JW202 Form stamped during the on-site registration
- Admission Letter
- Copy of university license
- Passport, copies of information page, visa page and entry stamp page
- Accommodation Registration Form (received after police registration from the police station)
- Passport photo
- Health report issued by the healthcare center after the health check or report verification
- Express mail service slip

PART 8: OPENING A MAINLAND CHINESE BANK ACCOUNT

It is very useful to have a local bank account on the Chinese mainland. This will save you time and money and allow you to use the mainland Chinese advanced e-payment technologies, which make life here much easier. We recommend the following banks:

You are advised to submit photocopies of your passport, student ID Card, and Admission Notice. You mustn't give the original documents to the bank when opening a mainland Chinese bank account.

As for the taxpayer code, it could be TFN in Australia, or Tax Identification Numbers in Canada, France and Germany, Individual Numbers in Japan, INN in Russia, NRIC or FIN in Singapore, Residence Registration Number in South Korea, UTR or NINO (national insurance number) in the UK, SSN in the USA, etc. This number might have been assigned to you by your government at birth. If you are not sure what the number is, please check with your tax bureau. Your own bank in your country may know.

You will receive a list of banks and addresses as well as Chinese language instructions to show the bank when you get there to open an account.

PART 9: ONLINE REGISTRATION AND OPTIONAL MODULE SELECTION

All students have to use their XJTLU student accounts to register on the Annual Registration page on e-Bridge (<https://ebridge.xjtlu.edu.cn>). Our IT office will send an email to invite you to activate your student account and to set up your XJTLU email, so please check your personal email account, which you used for your application to XJTLU.

The university will publicise the registration guides for both Year 1 and Year 2 entry students on the university website. The university will send the links to your XJTLU student account when they are ready, so please check your emails.

Student information is used for many important purposes, such as registration with the Chinese Ministry of Education system for student status and degree recognition, emergency contact information, social and commercial insurance purchase and reimbursement, scholarship application and awards and visa application. Students must provide genuine and complete information when registering in the university system. All students, no matter their duration of stay, **MUST** register. If details, such as your mobile phone number, change during your time at XJTLU, you must **UPDATE** your e-Bridge page immediately.

NOTES FOR UG STUDENTS:

Y1 UG students should also use their accounts to select optional modules on e-Bridge before the deadline. The system will automatically allocate optional modules to students who fail to select their optional modules before the deadline.

Please do not hesitate to email global@xjtlu.edu.cn should you have any problem using your account to log in to e-Bridge and / or the Learning Mall Online (LMO) system.

NOTES FOR EXCHANGE AND VISITING STUDENTS:

Exchange and Visiting students need to select modules. Follow the advice given and any requirements set by your home university.

NOTE FOR VISITING & EXCHANGE STUDENTS

STUDENTS **MUST** ENTER THEIR CORRECT PERSONAL DETAILS, INCLUDING EMERGENCY CONTACTS, PHONE NUMBER, AND ADDRESS **BEFORE THE END OF WEEK 1 OF SEMESTER** OR UPDATE ANY CHANGES **WITHIN A WEEK**.

NOTE FOR VISITING & EXCHANGE STUDENTS

TRANSCRIPTS Semester 1 provisional transcripts will be published on e-Bridge in March of that academic year. The original copy will be posted to the Study Abroad Office at the students' home university. Semester 1 & 2 final marks will be published on e-Bridge in late July. The original copy will be posted to the Study Abroad Office at the students' home university in late July.

EXAMS AND RE-SITS

Exchange students must follow XJTLU's academic calendar and exam schedules. Unlike some other universities' practice, XJTLU doesn't offer any special arrangements for exchange students. The S1 & S2 resits will take place between late July or early August. Resit results will be published on e-Bridge in late August.

PART 10: PAYMENT OF TUITION FEES AND SERVICE CHARGES

Exchange and visiting students who come from XJTLU's partner universities have to follow the payment details / policies of their home universities. However, if they study on campus at XJTLU, they need to pay a non-refundable service charge to XJTLU, which is 300RMB per semester.

The deadline for other students, namely undergraduate students, Master's students, and visiting students who are not from XJTLU's partner universities, for paying their tuition fees and service charge is the Friday of Week 1.

The service charge covers text-book fees and printing fees, etc. The amount is currently 2,000RMB per academic year and must be paid in full along with tuition fees. If visiting students only spend one semester at XJTLU, they just pay 1,000RMB for the semester. If the actual cost of books and printer use is lower than the amount paid, students will be refunded the difference at the end of the academic year into their Chinese bank accounts. However, if the actual cost is higher than the amount paid, students need to pay the outstanding fees.

- The amount of outstanding fees is what remains after the deduction of the deposit which international students paid to secure their place at XJTLU, and any scholarships which they might have been granted

- Please make sure to include your full name and application number as supplementary information when making the transaction

- As a swift code might be required when wire transferring the money from your own country to the Chinese mainland, we recommend you transfer the money to the university bank account instead of your personal Chinese bank account

- The bank may charge a service fee, which will be deducted from the amount of money you transfer. When payments are made in USD/GBP, your bank's exchange rate used to convert to RMB may be different from the rate the university follows. This may result in an outstanding fee balance for you to pay before you can complete registration. To avoid this, please make sure you cover all possible shortfalls when making the payment

- Once the transaction has been made, please send the proof of your payment to global@xjtlu.edu.cn

- Keep all the receipts which you get from the bank after paying the fees

XJTLU GLOBAL CAN BE APPROACHED FOR THE FOLLOWING SUPPORT:

- Official invoice for wire transfer

- University USD or GBP bank account

- Amount of outstanding fees

- Assistance with applying to pay fees by installments (request this service by the end of Week 2, Semester 1)

- Confirmation of tuition and service charge fee payment

If you are unable to pay your tuition fees in full, you may consider applying for a two-installment payment plan by completing the Tuition Fee Instalment Plan Request Form. To access the form, log in to e-Bridge with your student account and navigate to: Document Zone > Learning and Teaching > Student Administration > Tuition Fee Instalment Plan Request Form. Once completed, please send the form to global@xjtlu.edu.cn for review and approval.

The induction programme at XJTLU is mandatory for all students. The programme contains all the key information you need to start your study successfully. It is also a great opportunity to meet your fellow students and meet new friends from the Chinese mainland and all over the world.

The one-week induction programme covers the following activities:

- Residence Permit Application Information Session

FINANCIAL BUDGETING IN SUZHOU SUGGESTION

As lifestyles differ, the cost of living on the Chinese mainland also varies enormously. Below is a representative sample which you can refer to when budgeting for your living costs:

ITEMS	Student A - Resides in international halls and lives cheaply, i.e., only eating Chinese food from the university canteen, avoiding clubbing or drinking, and occasionally taking the bus or metro into the old town.	Student B – Resides in international halls and lives cheaply during the week, but occasionally treats himself to food from a nicer restaurant. Goes drinking occasionally. Normally takes the bus, but will take three or four taxis a month.	Student C - Lives the expat lifestyle, normally eating in western restaurants and going to bars. He owns a bicycle and takes taxis regularly.
RENT	1,700 (Parfait International Apartments)	1,700 (Parfait International Apartments)	3,000 (for a private apartment)
UTILITIES	300	400	500
INTERNET	100	100	100
MOBILE PHONE	50	50	50
FOOD	1,300	2,000	3,000
TRANSPORT	100	300	300
LUXURIES	0	1,000	2,000
MONTHLY TOTAL	3,550	5,550	8,950

Note: Rent is subject to slight change so please make sure your budget provides you with flexibility.

In addition to these monthly costs, you should also allocate funds for the following annual costs:

- 2,000RMB/year or 1,000RMB/semester to cover the service charge (e.g. textbooks, ID card, printing)
- Travel costs (e.g. bus, taxi, train, flight)

- Medical costs (the insurance policy requires indirect billing, so you are strongly recommended to prepare some money for emergencies)
- Visa/Residence Permit costs (400RMB-1,000RMB)
- You will need to purchase bedding: pillows, sheets and a quilt upon arrival. Your local supermarket sells all of these items for around 500RMB in total, though the exact cost depends upon your choice of brand and quality, etc. Parfait International Apartments can also sell you a bedding pack for 500RMB when you check in.

LAWS AND POLICIES

Mainland Chinese law must be respected and obeyed by all international students who study at XJTLU. A lack of knowledge of the law is not a legal defense should you run into difficulties. In general, mainland Chinese law is in line with the law in most countries globally, but certain aspects may be very different from your home country. Some examples may be:

- Classification of certain illegal drugs. Cannabis and other so called 'recreational drugs' are regarded with a high level of severity and users may face custodial sentences.
- Visa conditions. Breaking visa conditions is taken seriously and may result in the cancellation of your visa, which may impact not only your studies but your future career.

International students should also conform to university policies, and we highlight the following as especially relevant to your day-to-day lives:

- International Student Visa Policy
- Student Discipline Policy
- Student Attendance Policy

All of these policies and more are available on X-Global's Learning Mall Online .

Learning Mall Online: You will be automatically enrolled onto our page at the start of your studies. If you do not see X-Global's page on your dashboard, then email: global@xjtlu.edu.cn and we will add you.

HEALTH & SAFETY

Insurance - the university provides its international students with free commercial insurance. However, the prerequisite is that you have to complete your registration on e-bridge. You must provide us with your passport number, full name, student ID number, and programme, and guarantee the accuracy, so that we can buy your insurance.

The insurance works in the following way:

INSURANCE	ADVANTAGES	DISADVANTAGES
Commercial Insurance. This is free and is provided by the university.	• Can compensate for the rest of the medical bills which aren't covered by the Social Insurance.	• Indirect billing so students have to pay first at the hospital and later apply for reimbursement from the commercial insurance company. • Only medical expenses incurred in hospitals can be reimbursed from the commercial insurance company.

- More details of the university insurance policies will be given to new international students in the insurance information sessions run by the XJTLU Global Engagement Team after the semester starts
- The Commercial Insurance does not cover medicine or equipment which is not listed in the catalogue produced by the Suzhou Social Security and Provident Fund Management Centre
- The designated banks are 苏州银行Bank of Suzhou, 中国农业银行Agricultural Bank of China, 中国工商银行Industrial and Commercial Bank of China, 建设银行China Construction Bank, and 中国银行Bank of China

If you have bought insurance in your home country and it is an international package, please consult with the insurance provider about the following:

- What is included in the insurance package?
- Whether they need original medical receipts (Chinese insurance companies will take your original documents away in most cases)
- Whether private clinics are covered (if yes, please ask them to give you a list of covered clinics)
- Whether it uses direct billing and what you need to do to see a doctor without paying upfront
- Whether they have an office on the Chinese mainland (if yes, who is your contact when you need insurance services?)

HOSPITALS

We recommend our international students who only have university insurance to go to the following hospitals and international clinics:

NAME OF THE HOSPITAL	ADDRESS	DESCRIPTION	RECOMMENDATION
Dushu Lake Hospital 独墅湖独墅湖医院	9 Chongwen Road 苏州工业园区崇文路9号	The nearest public hospital to XJTLU with full medical departments. Opposite to our South Campus.	★ ★ ★ ★
The First Affiliated Hospital of Soochow University 苏州大学附属第一医院	No. 899 Pinghai Road (苏州市平海路899号)	Probably the best public hospital in Suzhou with full medical departments.	★ ★ ★ ★
Kowloon Hospital 九龙医院	No.118 Wansheng Street, SIP, Suzhou (苏州市工业园区万盛街118号)	A private hospital in SIP with full medical departments. If you call an ambulance in SIP, they take you to this hospital.	★ ★

The medical insurance provided by the university covers treatment in all Tear 1 public hospitals (top hospitals in terms of quality) and one private hospital - Kowloon Hospital. The public hospitals in Suzhou are generally clean and reliable.

Due to the language barrier and the different registration procedures in hospitals, we recommend you go with a Chinese speaker. If required, the XJTLU Global Engagement Team can arrange a member of staff or a student volunteer to assist you or talk to the doctor on the

phone when you see them. Alternatively, a good translation app usually suffices.

Please keep all official receipts / invoices and paperwork associated with your visit to the hospital in order to claim back your expenses either against your own insurance or the university supplied insurance.

Should you need information on any other hospitals, please don't hesitate to contact the Engagement Team at global@xjtlu.edu.cn after you arrive.

PRIVATE CLINICS

The benefits of using a private clinic can be a more foreigner-friendly environment, services generally offered by foreign doctors, or those who have a high standard of English, and entirely western medicine-based treatment.

If your own insurance covers private clinics or you expect better service, Sing Health (Suzhou and Shanghai) and Parkway (Shanghai only) could be the best options. Their information can be found on their websites: <http://www.singhealth.asia/en/index.php> and <http://www.parkwayhealth.cn>.

JIAHUI HEALTH (SUZHOU)

There is also a new private clinic in Suzhou, JIAHUI Health (Suzhou). This has a comprehensive range of medical departments, but is private and therefore high end and rather expensive. Its services will not all be covered by your insurance, so you would need to check with them first before undergoing treatment.

Here are their details:

嘉会医疗 Jiahui Health

Address in Chinese: 苏州市苏州工业园区旺墩路268号久光百货4楼

Address in English: Floor 4, Jiu Guang Shopping Mall, 268 Wangdun Road, Suzhou Industrial Park

NEWLIFE CLINIC 儒复诊所

Another private clinic is NewLife. This offers a range of medical treatments including sports medicine, gynecology, dermatology, internal medicine, and laboratory services. Again, check with NewLife first to check that their treatments are covered by your medical insurance.

Here are the details:

Address in Chinese: 苏州工业园区高和路1号

STUDENT COUNSELLING

A message from our International Student Counsellor:

Working in conjunction with the Mental Health and Development Centre (MHDC) at XJTLU alongside external health care facilities, we aim to support and respond to students' emotional needs and general wellbeing. Living in a different country can be exciting and yet stressful from time to time. Factors such as the language barrier, cultural differences, and food and climate can affect you emotionally. Although we know that many students will have minimal problems adapting to the new environment, we are here to support you should you be finding it difficult, so that you can get the most from your time at university. If you wish to talk to someone about any concerns you might have, don't hesitate to contact us. All enquiries of this nature will be kept confidential.

EATING CULTURE

Food lies at the heart of Chinese culture. So much so that one of the most common greetings is “吃饭了吗 (Chi fan le ma)” which means, “have you eaten” and roughly equates to “how are you”. It shouldn’t be taken as an invitation to eat.

Restaurants on the Chinese mainland can be divided into two main types, traditional and snacking (小吃). In a traditional restaurant, you order dishes which are placed in the middle for everyone to share. Portion sizes vary dramatically, but a good rule is to order one dish for each person dining + 2 extra dishes + 1 optional soup. These dishes are divided into cold dishes, meat/fish dishes, vegetable dishes and soups.

Recommended simple meal for two people: peanuts花生米, egg and tomato番茄炒蛋, fish-flavoured meat鱼香肉丝, and stir-fried greens青菜. This may cost 35-60RMB each.

Hot pot is to the Chinese family what Sunday dinner is to the British. You start by ordering a soup which you then use to cook meat and vegetables.

LOCAL CUISINE

What to put in the pot?

Meat - lamb羊肉, beef牛肉, pork五花肉.

Vegetables - potatoes土豆, sweet potatoes红薯, carrots胡萝卜, spinach菠菜, mushrooms蘑菇 (香菇, 平菇, 金针菇).

If you just want to go out to eat on your own, or want to eat something a little simpler, there are a variety of smaller restaurants to choose from. These can be roughly divided into rice 米饭, noodles 面 and wonton 馄饨.

HALAL

All mainland Chinese cities have halal restaurants, mostly established by Hui

SPECIALIZED DIETS

Muslims. Traditionally the northwest was predominately a Muslim region of Chinese Muslim converts and people of Turkic descent who had settled on the Silk Road trading routes. Hui and Uyghur cuisine are now popular all around the Chinese mainland and most customers are not Muslims. Halal is relatively well understood and respected due to the long historical presence of Muslims on the Chinese mainland. Halal products and restaurants normally display a Halal (清真) certification:

I do not eat pork - wǒ bù chī zhū ròu - 我不吃猪肉

Typical dishes sold in Halal eateries are:

Lanzhou beef noodles 兰州拉面

Xinjiang roast lamb 新疆烤羊肉串儿

Xinjiang saute spicy chicken 新疆大盘鸡

VEGETARIAN / FOOD ALLERGIES/ GLUTEN FREE

The concept of being vegetarian is not well understood outside of big cities and popular tourist destinations, whilst allergies are almost unheard of. Therefore, vegetarians and those with peanut, shellfish or other allergies need to be very careful when eating out. If a shortage of some highly seasonal fruit and vegetables does not bother you, access to a wide variety of fruit and vegetables in supermarkets, wet markets in communities, or even roadside stalls will certainly meet your self-catering needs.

When going out to eat, you need to be vigilant and make sure that the food you have ordered is ok for you. Many restaurants have picture menus to show you exactly what is in the dish you are ordering. Be aware that shellfish and peanuts are used as flavouring in various dishes and that the server may not even realise their presence. Those with severe peanut allergies need to be really careful as a popular cooking oil is made from peanuts.

Safe bets: stir fried greens/炒青菜 (Chao Qing Cai), egg and tomato/番茄炒蛋 (Fanqie Chao Dan).

I don't want any meat, just give me vegetables/我不要肉，只要蔬菜。(Wo bu yao rou, zhi yao shucai).

Watch out for steamed bun (包子, Bao Zi), seemingly vegetarian ones often have meat in them.

Yuxiang Qiezi - fish flavoured aubergine (eggplant) is very tasty but often has meat in it.

I'm allergic to shellfish, I can't even eat a tiny bit of shellfish/我对海鲜过敏，一点点海鲜都不能吃。(Wo dui haixian guomin, yi dian dian haixian dou bu neng chi).

Watch out for very tiny prawns (虾米, Xia Mi) that are often used for flavouring.

i'm allergic to peanuts, i can't eat peanuts or peanut oil, or anything made of peanuts 我对花生过敏，花生米、花生油等都吃不了。(wo dui huasheng guomin, huashengmi, huashengyou deng dou chi bu liao).

COMMUNICATIONS

SIM CARD FOR TELECOMMUNICATIONS

China Mobile, China Telecom and China Unicom are the three major telecommunication providers. Their stores in Dushu Lake Science and Education Innovation District provide student packages which are normally cheap. If you want to purchase a SIM card or get connected to the internet in your accommodation, please visit their stores in the place nearest to where you live. For example, Wenxing Plaza and Wencui Plaza.

You will benefit from using a smart phone not just because of the 5G data offered by the three telecommunication providers, but also the widely accessible WIFI in many places, including the XJTLU campus.

Please be aware that some phone companies lock your handset to their service. In order to use your phone abroad you will need to get them to unlock it; and some overseas-made phones don't support 5G functions on the Chinese mainland, so you might need to buy a new handset after you arrive.

WECHAT & ALIPAY

WeChat and Alipay are essential for an easy life in China. You use them to pay for everything, buy travel tickets, order taxis (DiDi), video and voice calls, individual and group messaging, and just about everything else. We recommend you load them onto your mobile phones before you leave home.

PLECO

An online English to Chinese / Chinese to English dictionary, which is available in all app stores. You may need to activate the Chinese handwriting keyboard on your phone before you can draw Chinese characters or type pinyin into the app to search for the meanings of the words.

XJTLU GLOBAL WECHAT QR CODE & WECHAT WALLET

To use the Wechat Wallet to pay bills electronically, you need to associate one of your Chinese bank accounts with your Wechat account by Clicking “Me”→“Wallet”→ “Cards” (like you do for PayPal).

When Wechat Wallet is set up, you can pay electronically using the following steps:

- Click “+”→ “Scan QR Code” → “Scan vendor’s QR Code” → “Enter Amount” → “Enter Password”
- Or switch to the page “Me”→“Wallet”→“Quick Pay”→Show the Cashier

DIDI CHUXING

A mainland Chinese version of Uber. Users can use this app or its WeChat page in English to get a taxi or a private car registered with the company. As to payment, this APP allows users to pay through WeChat Wallet or Alipay.

AIR MATTERS

to check the air quality, weather and receive advice on how to protect yourself.

BON APP

to find information about restaurants, including comments on the food served and special offers.

OTHER USEFUL LINKS:

There are many other useful apps or links, so check with your classmates which ones they are finding most useful.

TRANSPORT

Suzhou has a very well-developed public transport system with buses, metro and taxis available throughout the city. This system enables people to get around the city easily. You must wear face masks on all forms of public transport.

BUS: Buses - cost 1-2RMB (occasionally some routes which extend to the very suburb of the city may cost 4-5RMB/trip).

METRO: Is one of the most popular transport options in Suzhou, currently 8 lines are operating all across the city. Please read appendices for details.

DIDI CARS & TAXIS

DIDI is the China version of Uber and Grab. Didi cars and taxis are both now ordered using WeChat. It automatically identifies where you are and you just enter your destination and order a car. You can pay on the app or in cash.

BICYCLE

If you enjoy autonomy when getting around, a bicycle can be a good option. Quality bicycles can be found in supermarkets, shopping malls or some professional biking stores. Given the road and traffic conditions, you are advised to wear protection such as a helmet, gloves and so on.

ELECTRIC MOTORBIKES & E-BIKES

Electric motorbikes are capable of very high and dangerous speeds. However, because they are inexpensive, they have very low-quality safety features such as brakes and lights. They represent a serious danger to inexperienced riders and riders who are unfamiliar with Chinese roads. If they have been modified to increase performance, they are also illegal and can be seized by the police or university authorities.

To ride an electric motorbike legally, you must:

- Hold a Chinese motorbike riding licence
- Hold motorbike insurance
- Pay Chinese road taxes
- Always wear a helmet
- Never carry a passenger over 12 years old

If the university finds any student riding an electric motorbike illegally they will be subject to disciplinary action for their own safety.

E-bikes are much smaller, often have pedals, and are limited to 25 km/h. They are more dangerous than bicycles, but you are allowed to ride one if you:

- Always wear a helmet
- Never carry a passenger over 12 years old

If the university finds any student riding an e-bike without a helmet or with a passenger, they will be subject to disciplinary action for their own safety.

Electric motorbike and ebike batteries must never be recharged inside any building because of the fire risk that they pose. All electric motorbikes and e-bikes must be registered with a local police station in your name and carry a Suzhou SIP licence plate.

Unfortunately, many international students have been hurt in electric motorbike and e-bike accidents, and unless they are following all of the laws and rules regarding their use (see above), they cannot claim medical expenses from their insurance provider, and they and their families are legally liable for any costs that result. This may include all costs incurred by any third party involved.

this is an e-bike:

this is an electric motorbike:

NOTES:

Illegal motorcycles: petrol motorcycles are prohibited for those who live inside Suzhou, so you won't be able to obtain a driving license or get a petrol motorcycle licensed and registered. Therefore, for the sake of your own and others' security, you must not buy or use any petrol motorcycle. Moreover, an accident that occurs whilst using an illegal motorcycle, no matter how severe, or who is to blame, will invalidate any medical insurance you have and open you up to the possibility of lawsuits against you.

TRAVELLING AROUND THE CHINESE MAINLAND

The Chinese mainland has an exceptionally well-developed transport network, meaning that should you wish to you can travel throughout the enormous Chinese mainland, both in terms of its land and population, with relative ease. However, before embarking upon any journeys, first check whether any pandemic-related travel restrictions are in place.

PLANE

We recommend you use the following websites to book your air tickets to get around the mainland:

Ctrip.com - has an English language version, but at time of writing, the website was only accepting Chinese credit cards or WeChat pay.

Qunar.com - this website is entirely in Chinese but has the best deals for flights. The best way to book flights is to ask a Chinese friend to book them online for you. They will need to write your name using the following format SURNAME/FirstnameSecondname.

TRAIN

The Chinese mainland has an extensive network of trains with high speed rail links running throughout the east coast with continual development into western regions. High speed rail trains: the train number starts with either G or D offering two classes of seating, first and second.

Z, K, L or numbered: older and slower trains, normally selling three classes of tickets, hard seat, hard bed and soft bed. Please note that train tickets can only be booked a maximum of 18 days in advance.

It's a good idea to buy your tickets as early as possible, as tickets are often sold out. Tickets can be bought on www.trip.com and only electronic tickets are issued. Your passport is recognized at the station, and you scan it in at the gate to gain access to the platform.

COACH

Coaches are a little more expensive than trains but are useful for getting to smaller cities or to out of city tourist locations. As coach tickets only go on sale approximately 18 hours before departure, they can also be used as emergency transport when trains are fully booked. There is no easy way to book tickets online and finding a timetable is similarly tricky. Your best bet is to go to the coach station 汽车站/客远站 and ask at the ticket office there.

RELIGION 宗教

According to Chinese law, religious rites and activities can only take place in officially recognized places of worship, i.e. churches, mosques, temples, etc. **It is especially important to note that it is forbidden to carry out ANY religious activity on the university campus.** However, all of the major world faiths have followers on the Chinese mainland.
