

Review and Prospect: Suzhou's 40 Years of Reform and Opening Up

Lu Ning

Abstract

This article reviews the glorious course of Suzhou's 40 years of Reform and Opening-up from the aspects of Reform, Open, Innovation, and Wealth. Practical experience has also been summarized from five dimensions: opening-up, overall planning, innovation-driven, common prosperity, and hard work, indicating the uniqueness of Suzhou's Reform and Opening-up. Meanwhile, it suggests Suzhou to unswervingly take the road of socialism with Chinese characteristics, promoting ideological liberation, deepening the reform of the market economic system, building a new pattern of comprehensive development, supporting innovation development, and continuously promoting a new era of Reform and Opening-up for the steady development of the region.
